# SUPERTRAM

Sustrans needs you to support Connect2  
[www.sustransconnect2.org.uk](http://www.sustransconnect2.org.uk)

**CLIMB ABOARD THE CONNECT 2 CYCLISTS SPECIAL!**

A Connect2 Cyclists' Special leaves from the Cathedral to Waterthorpe (Rother Valley) on Sunday 25<sup>th</sup> November –10 a.m. departure returning at 3p.m.

Fare: £4 return for a cyclist and their bike (Tandems £8) Pay on the tram. Child trailers can be accommodated.

On board we will have Robert Stanley, Sheffield City Council Officer who will manage Sheffield's Rother Valley Project if the bid is successful. This project aims to connect communities to the revitalised Chesterfield Canal, Supertram and the Rother Valley. It will utilise new bridges, lost ways, canal paths, disused railway lines and reclamation sites to create a network connecting communities to each other through attractive greenbelt terrain.

Alternatively use the tram for your own self-guided ride – there is no other bike-carrying transport to the East of Sheffield before 13:48 on Sunday!\*

To register an interest please leave your name at
